OUR DEDICATION

Appropriately, our dedication of Behavior Facts must be shared. First, to Fred Skinner, who gave us behavior frequency to use as a behavior compare-all. Second, to Samson Rat for proving "the rat knows best" which grew to become our "child knows best". Third, to all the people of the "house" at 4001 Eaton who helped create Precision Teaching. Last, and most importantly, to the managers and behavers listed on these pages... this handbook is everlastingly dedicated with love.

Ogden R. Lindsley
